SITE SAFETY INSPECTION

Table sheet: place flat in the middle of the table

N = top of sheet

N

Dashed square = footprint of the site model. Keep it clear of paper, bags and hands.

1. Scan the QR with the phone camera
2. Pick your team: A, B or C
3. Tap Start AR, allow the camera
4. Point at the black square in the centre
5. Walk around the table, then tap Notes

Print on matte paper at 100% (no "fit to page"). Stick flat. Good light, no shadow on the black square. A3 also works.
